

Environment Policy

Broxap Ltd and its Divisional Companies designs, manufactures and supplies:

- Street furniture, bollards, litterbins and recycling units
- Shelters, cycle storage, canopies and covered walkways
- Cloakroom, changing and washroom furniture
- Kennels and catteries
- Wooden playground equipment
- Sports / Stadium equipment and courts
- Associated products & accessories

Broxap Limited acknowledges that its manufacturing processes could have a potential effect on the environment. It therefore recognises its responsibility and obligation to preventing pollution and to minimise any impact

The dedicated environment management team is committed to:

- Reviewing and understanding the current and potential impact of our activities, products and services
- Complying with all applicable and relevant environmental legislation, regulations, codes of practice; and with the requirements of organisations to which we subscribe
- Ensuring a high standard of environmental management throughout all of its sites
- Ensuring this policy is understood, implemented and maintained at all levels in the organisation
- Setting Objectives and Targets for activities impacting on the environment
- Monitoring and continually improving the performance of the Environmental Management System accredited to ISO 14001:2004
- Raising environmental awareness for all employees and encouraging involvement
- Giving support through suitable education and training in environmental matters
- Reducing impact on global warming and carbon footprint by cutting carbon emissions across the supply chain from raw materials to waste disposal; and optimising recycling
- Openly communicating progress in reducing environmental impact to interested internal and external parties and responding appropriately to reasonable requests for information
